RUN FOR THEIR LIVES WALK

In the wake of the brutal attack in Boulder Colorado at the Run for Their Lives Walk in June, the Dallas walking group mobilized big time! DFW MACA joined other organizations to walk in support of Israel and raise awareness for the hostages still in Gaza. Thank you to all those that came and supported us.

MEET WITH STUDENTS

DFW MACA hosted a brainstorming dinner to hear from students from all over the country about what it feels like to be Jewish and support Israel on campus. The students exchanged ideas about how they want to promote Israel and strengthen their Jewish bonds - and how MACA can help.

DR. PATTERSON

Dr. Patterson gave an incredible talk for our community entitled from Hitler to Hamas. He recounted how the infiltration of pro terror ideology has been allowed to take over our schools and universities resulting in the brainwashing of our youth. Now is the time to speak up and stop the further spread of hatred in our schools.

TACTICAL DEFENSE

What an incredible turnout we had for our first tactical defense class. Thank you so much to Keith Sazer and his assistant for donating their time and passion to helping our students take steps to feel more empowered on and off campus. Stay tuned for the next class.

BACK TO SCHOOL

Please join us and bring your college aged student to meet with other Jewish students before they head back to school. Location provided upon RSVP to miriamzivin@dfwmaca.com by July 30.
