November 2025

**Tableting at OU**  
DFW MACA and Hillel at the University of Oklahoma hosted the first of many tableting events on OU campus. It was wonderful to be joined by an Israeli professor who came to show support. We engaged in many dialogues with students and were able to share facts about Israel and Gaza.

**Signature Event**  
Our Signature event surpassed all of our expectations!!! Thank you so much to all of our donors, sponsors, volunteers, community, and panelists. An incredible group of speakers from all backgrounds were crucial in helping us all understand how we can use knowledge and education to combat antisemitism.

**Tableting at UNT**  
Sahar TV and Loay Al Shareef joined us at UNT following our signature event to speak with many students passing by on campus. Incredible and enlightening conversations took place. It was beautiful to see so many students come by to say debate, discuss, and engage.
